FISCAL ANALYSIS

Assumptions:

1. The modification of section 1 of this bill imposes restrictions on level 3 youth sex offenders from residing at a location close to a private or public elementary or high school, a preschool, a licensed day-care center, a church, or a park maintained by a city, town, or county.
2. Most often, a level 3 youth sex offender would be treated as an in-patient for, on average, two years. Once released, if the youth's family lived near one of specified locations, the youth would probably have to be placed in a group home until the age of 18. Level 3 youths under the age of 16 are very minimal, therefore, it is unlikely that they would be returned home prior to reaching 18 years of age.
3. The bill is not anticipated to have any fiscal impact to the state.
